

Edge NX+

i4.0 intermittent motion
IP65 VFFS bagger

The Edge NX+ is the latest generation of i4.0 IP65 VFFS packaging technology. Designed from the ground up to be compact, smart and deliver high production per m².

remote support

get the edge with PurPak's i4.0 features like remote support and many more

eco materials

validated on PP/OPP, paper, compostables, mono-materials

SMED principles

increase OEE by reducing changeover time and operator error

up to 110 cycles/min

increase your production per m²

KEY FEATURES

Colour touchscreen HMI

OMAC pack ML logic

200 product recipe capacity (expandable)

Icon-based and multi-lingual

OEE dashboard*

Advanced product in seal detection

Constant web tensioning

Rapid size change

Remote support*

IP65 closed compact frame, twin option

Intermittent motion

Servo-driven jaws

Direct-drive servo pull belts

Motorised film unwind

Pneumatic expanding reel shaft

Film auto tracking*

MAP/gas injection*

PEC for printed film*

Many more...

*optional

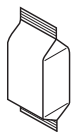

SPECIFICATION

| | |
|-----------------------|--|
| Speed | Up to 110 cycles/min |
| Bag width (min-max) | 50-380mm |
| Machine dimensions | 1,386(W), 2,152(D), 1,564mm(H) |
| Packaging materials | PP/OPP, PE, paper, compostables, mono-materials, laminates / barrier film and other heat sealable materials. |
| Power requirement | 400V 3 phase |
| Pneumatic consumption | 1 litre / bag / min |
| Pneumatic connection | 7 bar / ø8 mm |

PACK STYLES

Pillow

Pillow with gusseting

Block bottom

Quad bag
